### Parks

Four large and some forty smaller parks dot the City with open spaces, lawns, and trees. Those unused to the banks of prairie rivers always are surprised when from the tops of tall buildings they look out over miles of massed green foliage roofing the streets of Winnipeg in summer. More than 200 miles of the city's streets have been boulevarded and planted with trees, some of which are overarching now with the growth of fifty years.

The largest of Winnipeg's parks is Assiniboine Park, an area of 300 acres straddling the Assiniboine River five miles west of the City Hall. The site was chosen for its natural beauty when the City bought it in 1910. But since then it has been added to in many ways. The half timbered pavillion with its tall tower is a landmark, as well as a place

The Zoo has both native and imported animals and birds, including a pair of lions and a band of buffalo, the latter the faunal emblem of the Province of Manitoba.

Best known of the City's natural parks is Kildonan Park, three and one half miles north of the City Hall. Here 98 acres of the towering elm forest that originally lined the Red River banks has been cared for, beautified with lawns, and equipped with a pavilion and picnic grounds.

St. Vital Park, 110 acres, and Wildwood Park, 70 acres, situated on the east and west banks respectively of the Red River, a few miles south of the City Hall, are well forested natural parks.

Shopping in Winnipeg is an exciting adventure! Merchandise in a wealth of variety is available in the down-town stores which range from huge department organizations to tiny gift shops.

Here you'll find displays of world-famous Hudson's Bay "point" blankets, Scottish and English woollens, English china and leather goods. For "the big spenders" see the India rugs, South African diamonds and beautiful furs in a variety of skins and smart designs.

For truly "native" Canadian work, Indian and Eskimo pottery, beadwork and hand-tooled leather will fascinate you and make wonderful gifts to take home to friends or family . . . at prices well within your budget.

There are also some antique shops which contain real treasures for collectors.

Make it a point to spend a few hours in our shopping center, where courteous clerks will only be too glad to assist you — the Visitor.

176 miles northwest of Winnipeg (Highways 1W, 4 and 10) is Manitoba's most diverse holiday spot; the most popular national park in Canada excepting Banff. Here golf, tennis, boating, swimming, bowling, dancing, roller-skating, and many other activities are available within easy reach of the town of Wasagaming, beside Clear Lake. Accommodation facilities are plentiful and natural log buildings, pretty landscaping, and red-coated mounties lend a typically "Canadian" atmosphere to the park.

### Highway Safety

In the event of an accident involving property damage of \$50 or more, or injury or death to persons . . .

Report the accident as soon as possible, and in any event, within 24 hours, to a police officer. (City police—Phone 105).

If you can produce for the police officer a Motor Vehicle Liability Insurance card (pink) or a Financial Responsibility card (white and yellow) as proof of your financial responsibility, none of the penalties of the law will affect you.

It is not essential that you have this card, but it can save you from the embarrassment of having your car even temporarily impounded if you are involved in an accident.

Tourists, who become involved in an accident and do not possess a pink card should immediately call the Deputy Registrar of Motor Vehicles, or Wm. Owens, at telephone No. WH 6-7439, and furnish them with particulars of his automobile insurance card, i.e., name of company, address, policy number, make, type and serial number of his motor vehicle.

One of the above gentlemen will then wire the insurance company at the expense of the Province of Manitoba.

Once confirmation of insurance coverage is received your motor vehicle will be released from pound.

Traffic signs and markers are similar to those used in the U.S. Speed limits are: 30 m.p.h. in cities; 15 m.p.h. past schools, hospitals and playgrounds; 60 m.p.h. on highways by day—50 m.p.h. by night.

## **A UNIQUE EXHIBIT OF INDIAN AND ESKIMO LIFE, BEFORE AND AFTER THE COMING OF THE WHITE MAN**

One of the most interesting displays of pioneer life in Western Canada may be found in the Bay's Historical Exhibit. See the actual weapons used in hunting and fishing . . . clothes worn by different tribes . . . models of dwellings . . . how food was prepared . . . Indian beadwork and Eskimo soapstone carvings. Also on display is the Indian birch bark canoe, Eskimo kayaks, and one of the last original Red River carts. Adults, as well as children, will be fascinated by these relics of another era.

Open the year round, during store hours, the Historical Exhibit is located on the Fourth Floor of the Hudson's Bay Company. The museum also sells many examples of native crafts, Eskimo carvings, etc. to interested visitors.
